

THE CREATOR PRODUCT PLAYBOOK

You have the audience, what could you sell?

Find your niche, find your product.

*Turn your
content into
income.*

*It could
be yours.*

*Same audience.
More possibilities.*

Your next product might already be **hiding inside** your content.

You already did the hard part: you built an audience.

The questions you answer, routines you share, recipes people save and lessons you repeat can become something your audience can own and buy. A strong digital product usually starts with value that is already visible in your content.

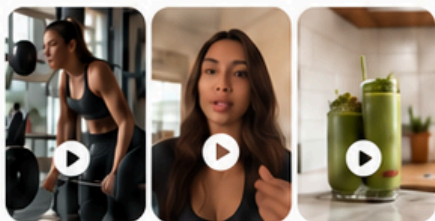

*Same content.
More value.*
